

SPENCER DIXON

RESUME

WORK EXPERIENCE:

2015 / Present – ExpertVoice (formerly Experticity)

Associate Interactive Designer -> Interactive Designer

Key job functions include: Working as part of a design team to accomplish goals of the brand client but also of the in-house agency. Handling multiple (up to 43) concurrent, high profile projects. Design and build of web components, templates and unique content development. Some user testing, a lot of presenting to clients.

2013 / Present – UX Contracting

Contracting is a fun challenge – It allows me to freshen my perspective and learn from different people. I have been involved with many different facets of the UX & Web design cycle in running my own consultancy, including: user-testing, pixel-perfect design mocks, front-end build work, interaction design, information architecture, layout design, as well as a few "make it look better"s and "make it look good on the mobile"s.

EDUCATION:

2013 / 2015 – University of Utah, Incomplete

College of Architecture and Design, Multi-Disciplinary Design Major

As a very strong believer in continued self-improvement through education, If there exists in your organization, an arbitrary requirement for a college degree, please remove me from your list of candidates.

STRENGTHS:

Learning, listening, layouts, alliteration, problem solving, HTML, CSS, JQuery, CMS/LMS systems, survey science and data mapping, design thinking, ping pong, automation, process development, brevity.
